How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

Mackenzie has rated the volatility of this fund as **medium**.

This rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the "What are the Risks of Investing in the Fund?" section of the fund's simplified prospectus.

No guarantees

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the amount of money you invest.

How has the fund performed?

This section tells you how L8 Series securities of the fund have performed since inception. Returns are after expenses have been deducted. These expenses reduce returns.

Year-by-year returns

No performance is available because securities have not been distributed for a full calendar year.

Best and worst 3-month returns

No performance is available because securities have not been distributed for a full calendar year.

Average return

This information cannot be presented since L8 Series of the fund is less than 12 months old as of April 30, 2018.

Who is this fund for?

Investors who:

- are looking for a U.S. equity fund to hold as part of their portfolio
- want a medium- to long-term investment
- can handle the volatility of stock markets
- want to receive a monthly cash flow

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan such as a Registered Retirement Savings Plan, or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell L8 Series securities of the fund. The fees and expenses – including any commissions – can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

We provide eligible investors with combined management and administration fee decreases on their eligible Mackenzie fund investments, as disclosed under the sub-heading “Fund expenses”. If you or your eligible accounts, as applicable, no longer meet the requirements to be eligible for L8 Series, we may automatically switch your securities into D8 Series, which has higher combined management and administration fees than L8 Series. See “Fees and Expenses” in the Fund’s simplified prospectus and speak to your representative for additional details.

1. Sales charges

You have to choose a sales charge option when you buy this series of the fund. Ask about the pros and cons of each option.

2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund's returns.

As of March 31, 2018, the fund's expenses were 2.15% of its value. This equals \$21.50 for every \$1,000 invested.

	Annual rate (as a % of the fund's value)
Management expense ratio (MER) This is the total of the management fee (including the trailing commission) and operating expenses (including fixed administration fees)	2.11%
Trading expense ratio These are the fund's trading costs	0.04%
Fund expenses	2.15%

The fee decrease from D8 Series to L8 Series is 0.43%.

More about the trailing commission

The trailing commission is an ongoing commission. It is paid for as long as you own the fund. It is for the services and advice that your representative and their firm provide to you.

Mackenzie pays the trailing commission to your representative's firm. It is paid from the fund's management fee and is based on the value of your investment. The rate depends on the sales charge option you choose.

- **Sales charge purchase option** – 1.00% of the value of your investment each year (\$10.00 per year for every \$1,000 invested)
- **Redemption charge purchase option** – 0.50% of the value of your investment for years 1-7, and 0.50% for each year after that (\$5.00 per year for every \$1,000 invested)
- **Low-load purchase option** – 0.50% of the value of your investment for years 1-3, and 1.00% for each year after that (\$5.00 to \$10.00 per year for every \$1,000 invested)

3. Other fees

You may have to pay other fees when you buy, hold, sell or switch securities of the fund.

Fee	What you pay
Switch fees	If you switch between series of the Fund or to another fund within the Quadrus Group of Funds, then you may pay your representative's firm a switch fee of 0-2%.
Inappropriate short-term trading fee	A fee of 2% of the amount switched or redeemed will be charged by the Fund for inappropriate short-term trading.
Excessive short-term trading fee	A fee of 1% of the amount switched or redeemed will be charged by the Fund if you invest in the fund for less than 30 days and your trading is part of a pattern of short-term trading that Mackenzie believes is detrimental to fund investors.

What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund securities within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, Fund Facts document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.
